Term 1 6th Year

Our 6th Years have had a busy term in what is their last year. It is hard to believe we have reached that stage. We want to thank all the parents who

invested in us and commend our fantastic students in all their achievements to date. Students have been encouraged to focus on exam preparation and recently completed study plans in Curam class with their tutors. We had a very successful PTM recently and thanks to all parents and guardians who attended.
