- **Target Grades and October Assessments:** Your teachers will have set target grades with you in your subjects. Make sure you write down these target grades on page 17 of your journal where you can track your progress. Get revising too for your October class assessments. Reports go home on the 22<sup>nd</sup> October!
- **Energy Conservation Project:** Students are asked to politely remind their teachers to turn off electrical equipment at the plug at the end of each day to see how much energy we can save over the next week. Students can help staff do this please. Students are also reminded to place litter in bins provided outside at break and lunch. It's your school. Keep it clean and tidy.
- **Student Council Elections 2020-2021 Wednesday 29th September:** Thanks to all students and staff who helped with the student council elections for 2021-2022. We had 163 nominations and some great speeches yesterday from those running for election. Our count took place with the help of 4 Hume who were flat out counting votes. It was very exciting as many came down to a second count vote. Candidates will receive training over the coming weeks.

- **Best of luck from all students and staff to the U16 Girls GAA who play away to the Marist on Wednesday afternoon and the U15 Boys Soccer who play the Grammar at Oriel park also on Wednesday afternoon. Go get them Chú Chulainn Hounds!**
- **Clubs and societies continue this week.** Please see the noticeboards around school to find out when your clubs and societies run. If you didn't sign up to a club or society you still can!! Just go and ask the teacher who is running the club / society and ask them to join. **Make sure you also keep a record of your clubs and societies on page 19 of your school journal.**
- **Table Tennis** will take place in the PE Hall on Monday's, Tuesday, Thursday and Friday lunchtimes.
