### TY Engineering - Robotics and Cyber Security Workshop

On Wednesday, 22<sup>nd</sup> March, TY Engineering students participated in a second Robotics and Cyber Security Workshop here in Coláiste Chú Chulainn. Fastrack into Information Technology (FIT), who are a representative

organisation of the technology sector committed to growing Ireland's tech talent, facilitated the workshop. Each student gained a Bronze Award in Cyber Security, and they will be given the opportunity to progress further and earn a Silver and Gold Award.

### Coláiste Chú Chulainn Junior Boys Basketball Northeast Champions 2023

Coláiste Chú Chulainn are once again Northeast Regional champions. This time in the Junior Boys section for 2<sup>nd</sup> year players. They encountered formidable opposition from O'Carolan College, Nobber, in what was a tightly contested final in the Phoenix Centre, Carrickmacross.

Captain Christos Kostopoulos lifted the regional trophy after he and his teammates overcame a poor 1<sup>st</sup> half performance to really show their defensive prowess in the 2<sup>nd</sup> half. They are now through to the All-Ireland quarter final stage and hope to follow in the footsteps of their U16 classmates who went all the way and achieved All-Ireland glory in February. Captain of the U16 team, Franciszek Chmielecki, has been assisting Coaches Mr.

Slowey and Mr. Murray all year with the 1<sup>st</sup> and 2<sup>nd</sup> year teams. His experience of leading a successful team is evident in the continued successes of school basketball.

This year's 2<sup>nd</sup> year panel has also been bolstered by the inclusion of some excellent 1<sup>st</sup> year players from the local club, Dundalk Ravens. Joseph Osagie, Mohammed Sene, Kasparas Rimkus and Joshua Osaghae are all first-

year students but have played a massive role in the 2nd year panel and it looks like the future is bright for Basketball in Coláiste Chúlainn.
