

Bí Cinealta Week

Kindness Café

As part of our annual **Bí Cineálta Week**, we enjoyed a fantastic week celebrating **kindness, inclusion and friendship** across our school community. From Kindness Bingo and daily messages of positivity to the introduction of this year's **Peer Mentoring Programme**, the week was filled with opportunities to spread kindness, build positive relationships and welcome our new students.

We finished the week with our wonderful **Kindness Café**, organised and run by our Student Ambassadors, led by our **Cultural Diversity, Anti-Bullying and Wellbeing Ambassadors**. The café featured a range of fun lunchtime activities, bringing students together in a warm, welcoming and positive atmosphere while encouraging new friendships and connections.

This student-led initiative reflects the values of our **School of Sanctuary journey**, promoting a school environment where everyone feels safe, welcomed, respected and valued. Through activities like these, our students continue to demonstrate the power of kindness, inclusion and student leadership in creating a true sense of belonging for all.
