Coláiste Chú Chulainn – School of Sanctuary

Coláiste Chú Chulainn is a proud **Member School of Sanctuary**. This means that we strive to make our school a safe, welcoming and inclusive environment for all students, staff and their families, regardless of their nationality, culture, language or background.

As a vibrant and multicultural school community, with **66 different languages spoken among our students**, we recognise the importance of celebrating diversity, promoting equality and ensuring that every student feels a genuine sense of belonging.

By adopting the three Sanctuary Principles of **LEARN, ACTION and SHARE**, we are continually developing a more inclusive, compassionate and empathetic school community. We are committed to learning about the experiences and challenges faced by those seeking sanctuary, taking meaningful action to promote inclusion and sharing our experiences to inspire others.

At Coláiste Chú Chulainn, we are particularly proud of our long-standing commitment to welcoming students and families who have experienced displacement, conflict and hardship. Our school has provided a safe place of refuge for students from war-torn countries and those seeking international protection. We believe that every young person deserves to feel safe, respected, valued and supported.

Our **School of Sanctuary Committee**, comprising dedicated staff and students, works alongside our Cultural Ambassadors, Student Council and wider school community to promote the values of sanctuary throughout school life.

Through initiatives such as our annual Cultural Diversity Week, cultural food celebrations, Kindness Café, peer mentoring programme, intercultural learning activities, charity fundraisers and student-led projects, we actively celebrate the rich diversity of our school community.

We also embed the values of sanctuary throughout our curriculum, encouraging students to explore themes of migration, human rights, peace, identity, equality and belonging. By providing opportunities for students to share their cultures, traditions, languages and personal experiences, we encourage mutual understanding, respect and positive relationships.

Our School of Sanctuary journey is an ongoing commitment to ensuring that **every student feels welcomed, every culture is celebrated and every voice is heard**.

We are proud to act as a beacon of sanctuary, kindness and inclusion within our school and the wider Dundalk community.
